

MASONRY COSMETICS, INC.

WARRANTY

Because the life of our color correction system has exceeded all past research and experience, we hesitate to associate the system with any time frame. However, prudent business practice mandates that we offer the following Lifetime warranty of our color correction system for the color corrected brick on your project in Hometown, USA. This warranty period will commence on January 1, 1999. The warranty shall be activated upon full payment of invoice #1234.

In the event deterioration of the treatment occurs so that the mismatch of brick becomes visible to a casual observer, unless this deterioration is the result of a defect in or the result of deterioration of the wall structure or a component thereof, or is a result of an act of God, Masonry Cosmetics, Inc. will correct the deterioration through a reapplication of the treatment system to those areas of the wall where the treatment has deteriorated for a period of a Lifetime from the date of the completion of the initial application of the color correction process. This warranty shall be transferable to heirs and subsequent purchasers.

Again, thank you very much for the opportunity to serve you on this project.
